Much to Be Thankful For.

Here is a story of Gloucester, which is may be necessary to preface with the state ent of the fact, familiar enough to people who live on the coast, but possibly not so familiar to inlanders, that when a seafaring man dies away from home a point is made of packing his effects in his chest promptly and returning them to his family. A lady, dressed in deep mourning, was riding in a Gloucester street car, when an-other lady, sharp of feature and inquisitive f gaze, came in and sat down by her side. The sharp-featured woman fidgeted about for a minute or so, and then began catechizing the woman in mourning

The reduction of internal revenue and the taking off of revenue stamps from Proprie-tary Medicines, no doubt has largely benefited the consumers, as well as relieving the burden of home manufacturers. Especially is this the case with Green's August Flower and Boschec's German Syrup, as the re-duction of thirty-six sents per dezen, has been added to increase the size of the bottles ontaining these remedies, thereby giving e-lifth more medicine in the 75 cent size. The August Flower for Dyspepsia and Liver Complaint, and the German Syrup for Cough and Lung troubles, have perhaps, the largest sale of any medicines in the world. The advantage of increased size of the bottles will be greatly appreciated by the sick and afflicted, in every town and village in civilized countries. When one has been suffering the agonies of a severe attack of rheumatism, neural gia or sciatica and relief comes, it seems as if a new lease of life had been granted Such have been the feelings of thousands who, after trying physicians and numberand to their great joy that this medicine really did cure these diseases.

O. P. Shaffer, formerly managing editor of the News-Register, Youngstown, O. said in a recent interview with him: "1 have suffered from rheumatism for about thirteen years. At different intervals 1 have been unable to attend to my business for weeks at a time. The most of my trouble was in my hands and arms. The pain was usually accompanied with con-siderable swelling of my hands. During advertised in our columns, but really never had much faith in patent medicines. A little over three years ago my attention was called to Athlophoros. I noticed from time to time the strong endorsement of parties that had used the remedy and was sent to us for publication in our paper. Through this means I concluded to try the medicine for my own case. I was relieved and cured in a remarkably short time." "Have you been troubled with rheuma-tism since," was asked. "I was entirely rid of it for two years and then had another slight attack, but a few doses of Athlophoros soon drove it away; since that time, about a year ago, I have been entirely free from rheumatism. This was all done with less than a bottle of medicine. I always recommend it for rheumatism."

Every druggist should keep Athlophoros and Athlophoros Pills, but where they can-not be bought of the druggist the Athlo-phoros Co., 112 Wall St., New York, will send either (carriage paid) on receipt of regular price, which is \$1.00 per bottle

Sometimes the name is varied, and it is called some other 'ine' in place of quinine, but it is all the same—the old firm with a new sign. In this dilema a lady friend said: Why not try Humph-rey's Homeopathic Specifics, Nos. Ten and Sixteen.' I tried them. They were a sucmalaria, but restored her to perfect health.

> PAWNING HER BOY'S CLOTHES FOR MED-TNE. A poor woman in Wales, whose boy had been very ill for several years, had expended all of her means to pay for medi-cine. At last the doctors gave him up and said he must die. He suffered so terribly with rheumatism that he could not be moved. One day some one told her about the Mount Lebanon Shakers. The evidence of the curative powers of their Extract of Roots was so convincing that she pawned the poor boy's clothes to buy a bottle of the emedy (Siegel's Syrup), but now she feels proud that she did so, for it was the means of curing her son. The Shakers say that this is the result of indigestion and that the medicine cured the dyspepita, and that the theumatism was only a symptom of the

and left no trace of disease or drug pols
